# STUDENT LIFE FAIR

Dear students

Starting at Aarhus University - BSS often means moving to a new city, finding new friends and discovering many new and unforeseen expenses. As a student, life is filled with opportunities and desires for a better and easier life, these desires are often held back by a tight student budget. The yearly event, Student Life Fair, aims to make the studentlife easier and more enjoyable.

We would like to introduce ourselves as the coordinators of this year's Student Life Fairthat has the purpose of giving students ***an easy life for a nice price***. We have invited along list of companies that can contribute to this through their exclusive student deals, discounts, competitions and much more. In addition to the companies listed in thismagazine, we have invited student associations related to Aarhus University to participate and improve your student life, in order for you to have the best start as a student at BSS!

During the student fair you can also enjoy a range of entertaining activities as well as the Student Life Fair Quiz with the opportunity to win great prizes! Stop by the fair with your fellow students and take part in two great days!  
Again this year we have extended the fair with a Quiz Night in Klubben!

In this magazine you will find information about participating companies and some of the deals that are offered by these. We are looking forward to seeing you and your fellow students in the S-building at Fuglesangs Allé and in Klubben!

Once again, welcome to Aarhus BSS and enjoy the fair!

Best regards

***"The life of being an instructor at BSS is a fantastic experience I always will remember. You get to have a great influence on the new students and enter a large social-minded environment of people who wishes everyone the best. The network you gain across different courses and semesters is unique and has affected the entire experience of going to uni. Everyone remembers their instructors – being one is truly something you will never get anywhere else."***

**Cecilie Dencker**  
instruktør

**Christian Lund**  
Member of SLFU

**"Perks of being a part of Studenterlauget's party committee? Let me list some, new friendships, lots of intern and extern activities, free beers, cheap drinks, awesome times in the bar at Klubben, a unique opportunity to meet and socialize with other faculties and at last KAPSEJLADSEN.**

**Each year Studenterlauget's party committee represents Studenterlauget at Kapsejladsen, where we strive to reach the final four, for the first time in SLFU history.**

**Apart from Kapsejladsen we, at SLFU, wish to boost the social life at campus, with Friday bars, Christmas *hygge* and Big Banko -This is where you really feel the purpose of SLFU.**

**You will never regret being a part of SL party committee!"**

***"In Caf'Inn you always work together with other students and together we have a very good team spirit. The work is flexible in relation to the lectures, and you will always meet a pleasant atmosphere while working. Besides that, you will as an employee in Caf'Inn be a part of SL, which includes a larger community with many great events."***

# Statements from employees of SL

**"Being employed as a bartender at Klubben comes with many great benefits; one of these is the social community offered by Klubben and Studenterlauget. This social community includes not only colleagues but also fellow students from different semesters, providing a unique opportunity to make new connections and build friendships. It's way more than just connecting with someone on LinkedIn. As a bartender at Klubben, it involves ensuring that the guests have an enjoyable and memorable time during the festivities. Even without prior experience as a bartender, this is an opportunity for anyone who wishes to engage in a funky and dynamic atmosphere and become the master of making our specialty drink "Fugl," which now comes in multiple delightful variations. I highly recommend it for everyone."**

**Mads Bank**  
Bartender, Klubben

**Morten Jørgensen**  
DJ, Klubben

**Being a DJ in the Club gives you the opportunity to be part of an insanely cool organization, where you get to expand your social network at campus and at the same time cultivate your passion for music. This especially applies to the large parties that we organise, e.g. Club Klub, Børsbar and the udtrækningsfest. However, an ordinary Friday bar where Klubben is full is also really magical!**

# Statements from employees of SL

**"My name is Caroline, and I have been working in Studenterlauget since December 2021.**

**As a result of my job, I have grown my network at Aarhus BSS and connected with many of my like-minded and fellow students both academically as well as socially. These new acquaintances make my every day on BSS and the Fridays in Klubben full of joy.**

**Studenterlauget promotes many student jobs, both paid and voluntary, so while studying at BSS you can e.g., work as our Bartender, Doorman or DJ in Klubben, Kitchen assistant in Caffin, member of the party committee, RUS-instructor or project coordinator for one of the many projects that supports and enrich the students' life at Aarhus BSS.**

**There is an abundance of opportunities in becoming a part of Studenterlauget and the benefits of working here are invaluable. I am sure that it will educate and form you at the same level as your education."**

**The purpose of *Student Life Fair* is to give all our students "*An easy life for a nice price*".**

**Caroline Pilgaard Hansen**  
Project Manager in SL

# Statements from employees of SL

"As a student at Aarhus BSS, being part of Studenterlauget has been amazing for me. It has been a fantastic way to expand my social and professional connections. I have had a great experience participating in various SL events and projects during my bachelor's. Volunteering within SL has as well given me some unique experiences too. Whether you want to join SL through volunteering, working, or attending some of SL's awesome events, I can guarantee that SL strives to do the best for all our members and the students at Aarhus BSS.

One of the several unique projects hosted by SL is the Student Life Fair. As an organization for students by students, SL understands that being a student is never easy. At the annual Student Life Fair, you have the opportunity to make your student life easier through discounts and products, engage in entertaining activities and competitions with great prizes and take home a lot of great goodies and have a great time!

Studenterlauget strives to give its over 4.000 members and 250 student employees the best student environment they have experienced through our many projects and events. We hope that you, as a member and/or an employee, will make use of our many offerings and get some great experiences throughout your time at Aarhus BSS!

If you wish to know more, come by, and say hi! We are at the Student Life Fair, but you can also always find us at Studenterlaugets Office at the BSS campus."

# MINIGUIDE FOR NEWCOMERS IN AARHUS

## HUNGRY?

Most students live on a tiny budget so here are some recommendations for places to eat out without spending it all in one place.

Are you hungover or just looking for something greasy to eat? We'll recommend **Burger Shack** and **Grillen Burgerbar**, which are all places where you can grab a budget friendly burger menu.

Or do you fancy some Mexican takeaway? Then both **VACA** and **Tipsy** do the job.

Maybe you have a late lecture and want to enjoy some delicious breakfast or brunch? In such a case there are a number of opportunities by the river in centrum of Aarhus. **Ziggy, Globen Flakket or Cross Café** just to name a few.

If you would like to explore street food from all over the world, go visit **Aarhus Street Food** which is a big hall with a really cozy atmosphere, where you can get both food, drinks and coffee.

## SHOPPING?

There are a few different shopping malls in Aarhus. **Bruun's Galleri** is the biggest mall but there are also **Magasin** and **Salling**, which all offers great shopping opportunities.

Like any other bigger city, Aarhus has a main shopping street, called **Strøget**, with lots of different shops. For some more cozy shopping experiences, we suggest that you go to **Latinerkvateret** and visit some of the many small shops in this area.

## HANG OUT WITH FRIENDS?

If you are looking for places to chill out with friends, there are various places to recommend in Aarhus.

**Mindeparken** and **Botanisk Have** are two of the biggest grass areas, where you can unfold a carpet or bring a game to play with your friends. On sunny days, there will be loads of people in these public areas. Also, **Brætspilscafeen** is a great place to go if the weather calls for an indoor evening with board games.

## HAVE A GOOD TIME WITH EVENTS?

Every year the **Northside Festival** takes place in Aarhus in the beginning of June and there are some very good artists, it is a bit expensive though, why **SPOT Festival** or **Grøn Koncert** could also be considered if you are interested in a music experience.

**“Kapsejladsen”** is a yearly event you surely do not want to miss out on. Everyone from Aarhus University is invited and different field of studies compete against each other in sailing kayak, drinking beer and spinning around. We know it sounds crazy, but it's one big party. More than 30.000 students show up every year and have a blast.

## GO FOR A SWIM?

**Den Permanente**, **Bellavue Strand** and **Tangkrogen** are some of the places you can go to if you are looking for a swim in the sea or just a nice beach for some tan. This summer, **Havnebadet** opened in Aarhus, and if you go there you can get a swim in the harbor of Aarhus. Also, **Den Permanente** offers winter swimming, if you like the water a bit colder.

## TRY SOMETHING DIFFERENT?

If you have some spare time left over and don't know what to do, here are a few examples of what you could do and get a somewhat different experience.

**‘The Rainbow’** has become a symbol of Aarhus and is placed on top of **ARoS**, which is one of the city's museums. **ARoS** is definitely worth a visit if you want a cultural experience in high class.

Do you like nature and animals? Then you should consider visiting **Dyrehaven** where you are allowed to feed deer and watch wild boars in beautiful surroundings.

Is it impossible to find somewhere to sit and study at Aarhus BSS? Then you could try other facilities like **DOKK1**, which is also the main library of Aarhus and the home of “Borgerservice”.
